

CITY OF ARANSAS PASS

AGENDA MEMORANDUM

Item for the City Council Meeting of 06/18/2018

Date: June 15, 2018

To: Honorable Mayor and Council

From: Sarah Lee
Director of Community Enrichment

TITLE:

Consider and Act on awarding the Request for Proposals for Civic Center Repairs.

PURPOSE:

The Civic Center sustained damages due to Hurricane Harvey in August 2017. With Council approval, the City went out for bids and received a total of two bids from contractors.

BACKGROUND AND FINDINGS:

Since the Aransas Pass Civic Center was damaged by Hurricane Harvey it should be eligible for FEMA reimbursement at 90%. However, The City is

- A) Responsible for paying the upfront cost of repair work and will get reimbursement after the work is done because before FEMA funds can be released to the City, this work purchase must follow certain Federal guidelines.
- B) Responsible for 10% of the total repair work. This is estimated to be about \$75,000.

CONFORMITY TO CITY POLICY:

This conforms to city policy.

DEPARTMENTAL CLEARANCES:

Community Enrichment, City Manager, Finance Department, MDD Board

FINANCIAL IMPACT:

The City will be responsible for 10% of the total work. This can and should come from MDD's operating budget. The MDD board has a surplus of \$1,000,000 that is specifically allocated for Civic Center operating costs.

Bids received:

GEOFILL, LLC

Total: \$724,941

Largin Construction

Total: \$694,000

RECOMMENDATION:

Will be available at Council Meeting.

LIST OF SUPPORTING DOCUMENTS:

Attached are the 2 bids received and Bid Sheet.
